Caring About the Weight of Your World

An affordable, weighted blanket
can reduce stress and bring peace
to your life.

"We have been using the weighted blanket for over a month with our youngest child who has autism and I wish I would have discovered it years ago. Within 30 minutes of covering her up, she is asleep or extremely calm. It was worth every single penny and more. We will be trying out the weighted lap pad next."

Becky

"My daughter loves her blanket! It seems to be very calming and she turns to it fairly often to feel better. I feel happy that I decided to get one! Thank you so much for handling it so quickly!"

Jessica

"Great quality. Easy to work with. Fast turnaround! Thank you for helping me with selections: weight and two different fleece designs. My son loves it. Says his blanket hugs him all night."

Stacy

"I just wanted to extend another HUGE THANKS for making Lydia's blanket and just for being so kind and understanding!!! What a HUGE difference in Lydia's sleeping at night!! She falls asleep faster and stays asleep all night!!!!"

Mary

Benefits of Weighted Blanket Use Include Stress Relief, Peace, and Happiness

Weighted blankets are a modern solution to our modern stressors. They provide a peaceful feeling, like a warm, safe hug. Providing input to our deep pressure touch sensors, weighted blankets can help us feel snug and safe. Weighted blankets have been scientifically shown to decrease the symptoms of many struggles. A weighted blanket can help offer relief from the symptoms of autism, down's syndrome, depression, insomnia, and more!

We created Peaceful Product to bring the natural peace of weighted blankets to the people. Creating our products at affordable rates means that anyone can have access to a night of peace.

Peaceful Product Weighted Blankets provide the peace you're looking for. Lose yourself under the soothing deep touch of a weighted blanket.

Fleece Products

A popular, fuzzy fabric, fleece is a quintessential warm, soft material. Available in a variety of different colors and styles, our fleece weighted blankets, pads, and throws are comfortable and peaceful.

Medical Grade Products

Bacteria and fungus resistant and fluid-proof, medical grade products are perfect for a hospital setting, or simply for home use. Royal blue in color, medical grade blankets, pads, and throws come in two sides – side A (fabric on both sides) and side B (rubbery on both sides).
